

Anwar Development announces the release of its offering of high-range commercial premises in the heart of the Gauthier district

« Les Vitrines de Galeria »

Casablanca, the 17th November, 2014, A new supply of commercial premises reinforces the supply of luxury retail in Casablanca and confirms the positioning of the city as the capital of fashion and shopping in Morocco.

Indeed, after the commercial success of its residential program Galeria, Anwar Development announces the release of its offer *« Les Vitrines de Galeria »*, which positions itself as the new urban shopping destination in Casablanca, at the heart of the Gauthier district.

Thanks to its strategic position at the heart of this chic neighborhood, known to art and gastronomy lovers, Galeria Showcases benefit from a close proximity to the large boulevards : Zerktouni, Anfa and Moulay Youssef, thus guaranteeing a high-potential catchment area, made of private and professional consumers.

In addition, the Galeria Showcases leverage the iconoclastic architecture that characterizes this project and offer commercial spaces surrounded by large pedestrian areas and opened on three main streets : Jean Jaurès, Montesquieu and Alexandre Dumas.

Finally, in order to better adapt to the demand of local franchisors and investors, the Galeria Showcases offer a wide selection of fully modular areas ranging from 47 to 70m² of floor surfaces, with a mezzanine of 10-110 sqm.

Available immediately
